

Voluntary work

Needs

- It doesn't work that population pay the tax and want the society to have "all inclusive"
- We want more voluntaries in our society
- We have people who need help and in the same time we have people who have time, energy and competence to do something good
- We have to give them the feeling of being needed
- The professionals and the voluntaries have difficulties to understand the limits between their work

Voluntary work

Objectives

- People have to take more responsibility for the society
- People want to "pay back"
- To find people who want to work as volunteers
- To find meeting points for volunteers
- Show them what is professional work and what is voluntary work
- Help the volunteers by giving feedback and helping them not to be exhausted

Voluntary work

Activities

- Very important that politicians in the municipality identify with the issue
- Create a culture so people know that they can do something
- Find the voluntaries by questionings, letters, internet, local advertisements etc
- Find the voluntaries by talking (P2P – People to People)
- Work on local level – not in the whole country
- Support to voluntaries and giving them training
- Society must show appreciation for voluntary work
- Have a Social Year instead of a Military Year
- Last but not least – find money
